Chapter- 4

General Conditions of the Distribution Licence

50 Duty to Supply Electricity on Request

50.1 Subject to the provisions of the Act, the Distribution Licensee shall comply with the requirements of Joint Electricity Regulatory Commission for the State of Goa and Union Territories (Electricity Supply Code) Regulations, 2018 and as amended from time to time, Directions and Orders of the Commission in regard to supply of electricity.

50.2 Where the owner or occupier of any premises requires supply of electricity under the terms of Clause 50.1 above, the application shall be made in a form prescribed by the Commission and the procedure for responding to that application shall be in accordance with the procedure approved by the Commission.

50.3 The Distribution Licensee shall have the duty to provide, if required, any electric plant or electric line for providing the electric supply to the premises in terms of Clause 50.1 above:

Provided that no person shall be entitled to demand, or to continue to receive, from a Licensee (including a Distribution Licensee) a supply of electricity for any premises having a separate supply unless he has agreed with the Licensee (including the Distribution Licensee) to pay to it such price as determined by the Commission;

Provided further that the Distribution Licensee shall be bound by the Regulations made by the Commission under Sections 43, 44, 46 and 48 of the Act, in respect of the duty to supply and the matters related there to.

51 Installation of Meters

51.1 The Distribution Licensee shall comply with the requirements of the Act, Joint Electricity Regulatory Commission for the State of Goa and Union Territories (Electricity Supply Code) Regulations, 2018 and as amended from time to time, Directions and Orders of the Commission in regard to supply of electricity through meter.

51.2 Every Distribution Licensee shall supply electricity only after installation of proper meter etc. in the premise of the consumer in accordance with the "Installation and Operation of Meter" Regulations, 2006 notified by the Central Electricity Authority (CEA) under Section 55 of the Act and as amended from time to time. Notwithstanding this, the Licensee may consider installing upgraded technology meter becoming available in the market if it meets the requirements over and above the requirements of CEA.

51.3 If the meter is supplied by the Distribution Licensee, the Licensee shall be entitled to

recover the cost of meter and associated equipment as part of the demand notice. Else, the Distribution Licensee shall charge meter rent as approved by the Commission. In case of connections where the meter has been procured by the consumer, no meter rent and meter cost shall be charged from the consumer.

- 51.4 The installation of meter shall be decided in consultation with the consumer. The consumer shall provide suitable and adequate space for installation of the meter in such a manner that it is always accessible to the Licensee or its representatives. In case of multi-storied buildings, all the meters shall be fixed preferably on the ground floor/rising mains having proper air ventilation and adequate illumination as per the standards and codes specified.
- 51.5 Initial installation or replacement of the meter shall be done by the Licensee's representative in the presence of the consumer or his authorized representative, after giving a notice of three (3) days.
- 51.6 Whenever a new meter is installed (for a new connection or as a replacement) it shall be sealed in the presence of the consumer. The seal, name plates and distinguishing numbers or marks affixed on the said equipment or apparatus shall not in any way be broken, erased or altered by the consumer. Treatment of meter seals shall be in accordance with the Central Electricity Authority (Installation and Operation of Meters) Regulations, 2006 and all subsequent amendments.
- 51.7 For any default in compliance of the provision contained in Clause (51.2) above, the Commission shall make an order, as it deems fit, to make good the default by the Licensee or by any of officer and staff of the Licensee who will be responsible for the default.

52 Process for Levy and Recovery of Fines and Charges

- 52.1 If on the conclusion of any proceeding, the Commission is satisfied that any person is liable to fines or charges, it may by order in writing impose such fines or charges in accordance with the provisions of the Central Act or the State Act, and the Regulation specified for the purpose and may also award compensation.
- 52.2 While determining the quantum of fines or charges, the Commission shall, amongst other, consider the following factors:
- (a) The nature and extent of non-compliance or violation;
 - (b) Wrongful gain or unfair advantage derived as a result of the non-compliance or violation;
 - (c) Loss or degree of harassment caused to any person(s) as a result of the non-

compliance or violation, and

(d) The repetitive nature of the non-compliance or violation.

52.3 While passing an order under this regulation, the Commission may award compensation to the complainant or affected party to be paid by the person found to have committed the non-compliance or violation.

52.4 The Commission may direct the time within which the fines, charges or compensation should be paid by the concerned person,

52.5 The Commission may designate an Officer to collect the fines and charges pursuant to the provisions of the Central Act and the State Act.

53 Open Access

53.1 The Distribution Licensee shall arrange for the provision of non-discriminatory open access to its distribution system to any persons in accordance with the Open Access Regulations issued by the Commission under Section 42 of the Act.

54 Other Business of Distribution Licensee

54.1 The Distribution Licensee shall file an application for the Commission's approval for Other Business, in accordance with the Joint Electricity Regulatory Commission for Goa & Union Territories (Treatment of Other Business of Transmission Licensees and Distribution Licensees) Regulations, 2009, as amended from time to time

54.2 Where the Distribution Licensee is engaged in any Other Business, the income from such business shall be calculated in accordance with the Joint Electricity Regulatory Commission for Goa & Union Territories (Treatment of Other Business of Transmission Licensees and Distribution Licensees) Regulations, 2009, as amended from time to time and shall be deducted from the Aggregate Revenue Requirement of the Licensee:

Provided that the Licensee shall follow a reasonable basis for allocation of all joint and common costs between the Distribution business and the Other Business and prepare Accounting Statements in accordance with Joint Electricity Regulatory Commission for Goa & Union Territories (Treatment of Other Business of Transmission Licensees and Distribution Licensees) Regulations, 2009, as amended from time to time and submit to the Commission along with its application for determination of tariff.

Provided further that where the sum total of the direct and indirect costs of such Other Business exceeds the revenues from such Other Business, no amount shall be allowed to be added to the Aggregate Revenue Requirement of the Distribution Licensee on account of such Other Business.

55 Franchisee

55.1 The Distribution Licensee may engage any of its Subsidiaries or Holding Company or a Subsidiary of such Holding Company to provide any goods or services to the Licensee in connection with the Licensed Business, subject to the following conditions:

- (a) that the transaction will be on an arms-length basis and at a value that is fair and reasonable in the circumstances;
- (b) that the transaction will be consistent with any Regulations framed by the Commission relating to the provision of goods and services with respect to Licensed Business; and
- (c) that the Licensee will give fifteen (15) days' notice to the Commission prior to commencement of the proposed arrangement and along with the notice provide all relevant details of the arrangement.

55.2 The Licensee may establish subsidiaries or establish associated companies or grant a franchise or enter into management contracts including appointment of billing agent to conduct or carry out any of the functions, which the Licensee is authorized to conduct or carry out under the Acts and this Licence. Provided always that:

- (a) Any such Subsidiary or associated company or franchisees or contractors or agents shall operate under the overall supervision and control of the Licensee and upon the conditions of this licence; and
- (b) The Licensee shall have, prior to delegating any function to any such Subsidiary or associated company or franchisees or contractor, intimate the Commission for transactions of value of greater than Rs 100 lacs per annum, subject to such conditions as the Commission may stipulate;
- (c) The Licensee shall also be responsible for all actions of the subsidiaries or associated companies or franchisees or agents or contractors and may terminate the arrangements in case their performance is not to the satisfaction of the Licensee.

55.3 Where such prior permission is required, the Licensee will file a suitable application with the Commission disclosing relevant facts. The Commission may, within thirty (30) days of the filing of the application, seek further information in support of the application. The Commission shall generally within thirty (30) days of such further information being submitted by the Licensee, and where no such further information is sought by the Commission as above, generally within sixty (60) days of the filing of the application, allow the arrangement subject to such conditions or modifications as is considered

appropriate or reject the same, for reasons recorded in writing in the order to be issued by the Commission.

55.4 The Licensee shall be entitled to Transfer or assign this Licence or any of the functions under this Licence to any other Person only with the prior approval of the Commission. To obtain the approval of the Commission as aforesaid, the Licensee will file a suitable application with the Commission disclosing relevant facts in that behalf and the Commission shall dispose such application expeditiously.

56 Establishment of Consumer Grievance Redressal forum

56.1 The Distribution Licensee shall establish a forum for redressal of grievances of the consumers in accordance with the guidelines issued by the Commission under Section 42 of the Act.

56.2 The Distribution Licensee shall within reasonable time, as directed by the Commission, after the Licence becomes effective and with approval of the Commission, notify a procedure for handling complaints from Consumers of the Licensee in addition to the forum for redressal of grievances. The Commission may hold consultations with the State Advisory Committee or a Person or body of Persons, who the Commission considers as representing the interest of the Consumers likely to be affected and make such modification of the procedure, as it believes necessary before granting approval to the consumer complaints.

56.3 The Commission may, upon receiving a representation, or otherwise, require the Distribution Licensee to review the complaint handling procedure prepared and the manner in which it has been implemented, with a view to determine whether any modification should be made to it or to the manner of its implementation.

56.4 Any procedure so established, including any revisions to it, shall notify the periods within which it is intended that different kinds of complaint should be processed and resolved.

56.5 The Distribution Licensee shall submit to the Commission for its approval any revision proposed to be made to the procedure established.

56.6 The Distribution Licensee shall:

- (a) draw to the attention of Consumers, in such manner as the Commission may direct, the existence of the complaint handling procedure and each substantive revision of it and how the Consumers may inspect or obtain copies of such procedure in its latest form;
- (b) make a copy of its complaint handling procedure, revised from time to time,

available for inspection by members of the public at the relevant offices of the Licensee during normal working hours; and

- (c) provide a copy of the complaint handling procedure revised from time to time to each new Consumer, and to any other Person who requests for it at a price not exceeding the reasonable cost of duplicating it.

57 Protection of Railways, Highways, Telegraphic Lines

57.1 The Distribution Licensee shall not, in the course of distribution, supply or use of electricity, in any way injure any railway, highway, airport, tramway, canal or water-way or any dock, wharf or piers vested in or controlled by a local authority, or obstruct or interfere with the traffic on any railway, airway, tramway, canal or water-way.

57.2 The Distribution Licensee shall take all reasonable precautions in constructing, laying down and placing its electric lines, electrical plant and other works and in working its system, so as not to injuriously affect, whether by induction or otherwise, the working of any wire or line used for the purpose of telegraphic, telephone or electric signaling communication, or the currents in such wire or line.

57.3 Where any difference or dispute arises between the Distribution Licensee and the telegraph authority as to whether the Distribution Licensee has constructed, laid down or placed its electric lines, electrical plant or other works, or worked its system, in contravention of Clause (57.2) above or as to whether the working of any wire, line or current is or is not injuriously affected thereby, the matter shall be referred to the Central Government.

57.4 The Central Government, unless it is of the opinion that the wire or line has been placed in unreasonable proximity to the electric lines, electrical plant or works of the Distribution Licensee after the construction of such lines, plant or works, may direct the Distribution Licensee to make such alterations in, or additions to, its system as may be necessary in order to comply with the provisions of this Regulation 57, and the Distribution Licensee shall make such alterations or additions accordingly:

Provided that nothing in Clause (57.3) above and this Clause (57.4) shall apply to the repair, renewal or amendment of any electric line or electrical plant so long as the course of the electric line or electrical plant and the amount and nature of the electricity transmitted thereby are not altered.

57.5 Where the Distribution Licensee makes default in complying with the requirements of this section, it shall pay full compensation for any loss or damage incurred by reason thereof, and, where any difference or dispute arises as to the amount of such

compensation, the matter shall be determined by arbitration conducted in accordance with Section 158 of the Act.

Explanation - For the purposes of this Regulation 57, a telegraph line shall be deemed to be injuriously affected if telegraphic, telephonic or electric signaling communication by means of such line is, whether through induction or otherwise, prejudicially interfered with by an electric line, electrical plant or other work or by any use made thereof.

58 Conduct of Business having adverse effect on Competition

58.1 Every Licensee shall not enter into agreement or abuse its dominant position or enter into any combination which is likely to cause or causes an adverse impact on the competition in the distribution of electricity.

59 Co-operation with State Transmission Utility, State Load Dispatch Centre and other Licensees

59.1 The Distribution Licensee shall provide to the State Load Despatch Centre and State Transmission Utility and/or other Licensees, such information as may reasonably be required by them to perform their functions and exercise their powers under the Act and/or the Reform Act.

59.2 The Distribution Licensee shall always comply with the, directions of State Load Despatch Centre, Regional Load Despatch Centre and State Transmission Utility issued under the Act and/or the Reform Act.

59.3 The Distribution Licensee shall co-operate with generating companies, other Licensees and State Load Despatch Centre for the efficient and coordinated operation of the power system.

- 65.3 The Distribution Licensee shall furnish information on the implementation of the standards of performance as specified in the Standards of Performance of Distribution Licensee Regulations 2015, notified by the Commission as amended from time to time.
- 65.4 The Distribution Licensee on occurrence of any major incident or accident shall notify the Commission about such occurrence as provided in Electricity Supply Code, and Standards of Performance of Distribution Licensee Regulations notified by the Commission and as amended from time to time.
- 65.5 The Distribution Licensee shall also undertake such studies as the Commission may direct it to undertake from time to time for the improvement of its distribution business and any other matter concerning the distribution business.
- 65.6 The Distribution Licensee shall duly inform the Commission about any incident restricting it from meeting its obligations under its licence including any act of Commission or commission by others and steps taken by the Licensee to mitigate the effect of such incident.
- 65.7 The Commission may at any time require the Licensee to comply with the provisions of Clauses (65.3) to (65.5) as to incidents which the Commission may specifically direct and the Licensee shall be obliged to comply with the same notwithstanding that such incidents are not major incidents; provided that the time limits specified in Clause (65.3) shall commence from a date that the Commission notifies to the Licensee of such requirement.
- 65.8 The Licensee shall provide details/data/documents available in material form as required by the stakeholders/consumers/consumer associations/consumer bodies, etc., within the time frame as prescribed by the Commission from time to time. If no time frame is prescribed by the Commission the Licensee shall provide the same within a maximum period of thirty (30) days from the date of request.

66 Acts which Distribution Licensee shall not undertake

- 66.1 No Licensee, except with prior approval of the Commission, shall undertake:
- (a) any transaction to acquire, through purchase or takeover or otherwise, any

- utility of any other licensee; or
- (b) merge his utility with another utility of any other licensee.
- 66.2 No Licensee shall, without prior approval of the Commission, assign or transfer his utility or Licence or part thereof through sale, lease, exchange or otherwise.
- 66.3 Before obtaining approval under Clause (66.1) to (66.2) above, a Licensee shall give a notice of not less than one (1) month to every other Licensee, who distributes electricity in the area of such licensee, who applies for such approval to the Commission.
- 66.4 Any agreement entered into by the Licensee in respect of Clause (66.1) to (66.3) above shall become void unless prior approval of the Commission is obtained thereto.
- 66.5 Where such permission is required, the Licensee shall file an application with the Commission duly furnishing all relevant information. The Commission may, within thirty (30) days of the receipt of such application, accord required permission subject to the terms and conditions as it deems necessary or reject the application for the reasons to be recorded in writing in support of such rejection.
- 66.6 The Distribution Licensee shall not make use of the assets of the system for a purpose other than distribution of electricity, except with the prior approval of the Commission as provided for in Regulation 54.

67 Major Incidents

- 67.1 The Distribution Licensee shall notify to the Commission any major incident that has occurred in the area of the Distribution Licensee. A deviation from any part of the distribution system from standard operating condition, which was triggered by cross boundary effect, in the system of generators, transmission system or in the system of extra high voltage consumers which has resulted in the loss of equipment or life of a person or animal, shall be deemed a major incident. The Licensee shall also:
- (a) Submit a detailed report giving facts of the incidents, the causes and the adverse effects on the total power system. (The total power system comprises the transmission system, generating units, distribution systems and the systems of the EHT consumers).
- (b) Submit a note containing the Licensee's analysis of the major incident and suggestions for carrying out remedial measures for preventing recurrence of such major incidents.
- (c) The Licensee shall at the earliest possible date and in any event, no later than two (2) months from the date of such Major Incident:

- i. submit a report to the Commission giving full details of the facts within the knowledge of the Licensee regarding the incident and its cause.
- ii. In the event the report under sub-Clause (a) is likely to take more than fifteen (15) days from the date of the Major Incident, the Licensee shall within fifteen (15) days from such date of the incident submit a preliminary report with such details which the Licensee can reasonably furnish and state reasons as to why the Licensee requires more than fifteen (15) days for giving full report of such incident.
- iii. send copies of the report and note to the State Load Despatch Centre, State Transmission Utility, State Government, and Chief Electrical Inspectorate etc.

67.2 The Commission may direct an independent person to investigate in the case of a major incident and submit his report. The Commission may analyze the report and the information received from all sources and will decide whether a major incident is a Force Majeure event or is caused by violation of conditions of licence or provisions of Grid Code or provisions of the Act or the rules and regulations under the Act.

67.3 The Commission may decide the following:

- (a) remedial measures to be taken by one or more operators (or owners) of the parts of the total power system (including the Distribution Licensee) to prevent recurrence of similar major incidents.
- (b) Punitive measures to be imposed on one or more persons for lapses which caused the major incident.
- (c) Compensation to be paid by one party to another party [by the owner (or operator) of a segment of the total power system to the owner (or operator) of another segment of the total power system].

67.4 The Commission may send its views and decisions on the major incident to the State Load Despatch Centre, Chief Electrical Inspector, State Transmission Utility etc.
