32.4 Evaluation of Price Bid

32.4.1 Following factors shall be considered for evaluation of Price Bids:

- a) Evaluated Bid Values (EBV) for all the Bidders shall be compared to determine the lowest Evaluated Bid Value (EBV) as given under SOR- 1 Format of Schedule of Rates & the lowest (L1) evaluated Bid as such, will be selected for the Notification of Award (NOA) subject to the successful bidder selected after E-Ra (Clause 32.4.2).
- b) The mentioned Evaluated Bid Value will be considered up to 2 decimal places only.
- c) Bidder with the lowest EBV shall be L-1, Bidder with Second lowest EBV shall be L-2 & so on subject to the successful bidder selected after E-Ra (Clause 32.4.2)
- d) The Evaluated Bid Value shall be inclusive of Goods & Service Tax (GST) as quoted by the bidder. The award shall be placed Inclusive of GST with taxation bifurcation separately indicated as submitted by the successful bidder in the SOR format.
- e) Billing Break-up (BBU):
 - For each item of SOR 1 & 2, the BBU shall be prepared in the same SOR format (Item name, UoM, Quantity, unit Ex Works price, GST, Total price etc) and the sum of all billing break-up item prices shall be equivalent to the each respective SORs item price with discounted rate of e-Reverse auction (If applicable).
 - The Contractor would be required to provide detailed Bill of Quantity (BOQ) along with the break-up of Contract Price (including GST) and HSN code of the respective goods/services, which should match with the Price Quoted by the Contractor in its Price Bids and accepted by the Employer. This will be used by the Owner at the time of payment to the Contractor. Accordingly, bidders should diligently quote the GST component in the bid.
 - Owner shall reimburse the amount of GST as per the rates mentioned by Contractor in the detailed BOQ. Any statutory variation applicable in respect of the items/services procurement between third party/sub-contractor and the Contractor would not be reimbursed by Owner.

32.4.2 Procedure for e- Reverse Auction (e-RA):

1. The e-auctioning shall be conducted on <https://www.bharat-electronictender.com>. E-Auctioning shall be carried out on the day as intimated by SECI to the eligible bidders.
2. After financial bid evaluation, the bidders shall be shortlisted in the ascending order of price bid quoted. Keeping minimum 03 Bids eligible for e-RA, Total no of bids will be reduced by a factor 1/2 and resultant as such, will be eligible for e-RA. Decimal Nos will be corrected to next whole No & will be counted accordingly for the e-RA. If the price bid quoted is same for two or more bidders, then all the bidders with same price bid shall be considered of equal rank/standing in the order.

Ex: (1) No of Bids after arranging the Bids in ascending order = 3, so total No of Bids eligible for e-RA in this case = $3 \times \frac{1}{2} = 1.5$, but as the minimum 03 bids needs to be kept, so in this case 03 bids will be eligible for e-RA.

(2) No of Bids after arranging the Bids in ascending order = 7, so total No of Bids eligible for e-RA in this case = $7 \times \frac{1}{2} = 3.5 = 4$, rounding off to the next whole No. So, in this case 04 bids will be there for e-RA

In case of substantially low response by the bidders & the total no of responsive bids to be less than 03 (Three), Owner/Employer reserves the sole discretion & all rights of proceeding/Non-proceeding with e-RA, against the management approval.

- At least one week prior to e-RA, an advance intimation regarding the date and time of the e-RA will be sent by email to all bidders whose technical & financial bids have been opened and found to be qualified. However, from this advance intimation it shall not be construed by the bidders that they have been shortlisted for e-RA. Further at least two hours before the schedule start time of e-Auctioning, a system generated email for invitation for e-Auctioning will be sent to all those bidders only who have been shortlisted based on the criteria mentioned.
- Shortlisted bidders for e-Auctioning will be able to login into the ISN website of e-auctioning 15 minutes before the start time of e-auctioning.
- At the start of e-auctioning process, the bid along with the list of short-listed bidders shall be displayed with their pseudo names as their first round bid along with the NPV value of O&M quotation per year submitted and calculated as per SoR. The auctioning shall be on both the EPC price and NPV value of the O&M quoted by the bidder.

The minimum decrement step for e-Auctioning is in the multiples of **Rs. 10, 00,000/- (INR Ten lacs only)** in EPC & NPV of O&M Price bid (Firm value of the financial proposal as the sum of individual bid value of supply, erection and civil works including GST & NPV value of O&M including GST), i.e. each decrement shall be in multiples of Rs. Rs.10, 00,000/- (INR Ten Lacs only). At the end of the e-RA, the final discount offered by the bidder, in the form of price reduction so offered on the EPC & NPV value of O&M price, shall be applied proportionately to all of the SOR Line items price (EPC Price + NPV of O&M price) quoted by the bidder initially

in the financial bid. Accordingly, the revised reduced price of all of the SOR line items of the EPC & NPV of O&M will be derived. This proportionate price reduction will be applicable on both the EPC price & NPV value of O&M price, on which the e-RA has been actually conducted.

- **While applying the price reduction obtained after E-Ra, all the SOR line items of the SOR- 1 (Supply & Service) can be straight away reduced by applying the % reduction factor uniformly on all the line items of SOR – 1. Same way, the NPV value of each year line item of O&M value under SOR – 2, can also be straight away reduced by applying the % reduction factor uniformly on all the line items of SOR – 2. However, as the reduced line items so arrived will be the NPV values of each year O&M value, so for the purpose of award, absolute values of each year O&M price line item wise will then be back calculated by dividing the finally arrived (After applying % reduction factor post E-Ra) yearly reduced NPV values by the respective year “Discounting Rate for NPV calculation” & thereby, the absolute value of OM price will be calculated on yearly basis. The award will be placed on the absolute value of O&M price only and not on NPV of O&M price. NPV values are considered for the purpose of price bids evaluation only.**
 - L2, L3, L4.... LN Bidders have to mandatorily apply their decrements suitably so as to beat the L1 price in the first go itself, else system will not accept their respective Bids. However, at no stage, increase in EPC & NPV of O&M price will be permissible.
 - During E- Auctioning, no revision in total price for which a bidder is considered qualified after evaluation of Technical Bid is allowed.
 - The initial auctioning period will be of one (01) hour with a provision of auto extension by eight minutes from the scheduled/ extended closing time if any fresh bid is received in last eight minutes of auctioning period or extended auctioning period. If no valid bid is received during last eight minutes of auctioning period or extended auctioning period, then the e-auctioning process will get closed.
3. Following information will be displayed in the bidder’s bidding window:
- First round EPC and NPV of O&M price as their start price initially and thereafter last quoted EPC & NPV of O&M Price
 - The auction will be conducted on the total sum of EPC & NPV of O&M price.
 - The list of last quoted EPC & NPV of O&M price (i.e. last Bid Value) of all bidders with their Pseudo Identities and their time of quote.
4. Selection of Successful Bidders
- Post E-Ra, the bidders shall be selected in the ascending order with lowest quoted Evaluated Bid value (EPC + NPV of O&M price) (being L1).
- a. The final price will be arrived by adding the EPC price and the NPV of O&M price (as a

result of e-auctioning process)

b. The bidder with lowest Evaluated Bid value (EBV) at the end of E-Auctioning will be considered L1.

c. In case of tie in the final EBV after E-Ra, (i.e. the sum of their last quoted discounted EPC price and the NPV of O&M price), among two or more bidders being the same at the end of e-Reverse Auction, they will be considered in the chronological order of their last bid with preference to the bidder who has quoted his last bid earlier than others.

d. In the above case, if the time of quote also become exactly same among the bidders at a tie, then the ranking among these bidders shall be done as follow:

- The bidder who has quoted lowest Total Price in their Price BID before commencement of E-Auction shall be considered as L-1.
 - If there is also a tie among any of these bidders, then L-1 will be the bidder who has the highest average annual turnover as per the documents submitted as a part of their bid.
5. At the end of selection process, a Notification of Award (NOA) will be issued to the successful bidder (L1).
6. In all cases, SECI's decision regarding selection of bidder through E-Auctioning or even annulment of tendering process shall be final and binding on all participating bidders.
