(v) Latest Copy of GSTR-1 and GSTR-3B.

Similar work shall mean "Building Works"

The definition of similar work should be decided considering the following guidelines:

i	For building works, the number of storey for the purpose of definition of similar work may be taken as under:-	
A	No. of storey to be constructed in the proposed Building	No. of storey to be mentioned in the definition of similar work
B	Up to four storey buildings	No binding
C	Five to ten storey buildings	Minimum one building of Five storeys or Completing balance construction work of one building (i/c structural work) minimum up to five storeys
D	Eleven to fifteen storey buildings	Minimum one building of Eight storeys or Completing balance construction work of one building (i/c structural work) minimum up to eight storeys
E	More than fifteen storey buildings	Minimum one building of Ten storeys or Completing balance construction work of one building (i/c structural work) minimum up to ten storeys
For this purpose, each basement, still constructed in the building shall be considered as a storey.		
ii	In case the work involves C/o two or more basements, then it is to be stipulated in the definition of similar work that the agency should have executed one similar work with minimum one basement under one Agreement.	
	Work of Basement specialized E&M services etc if executed under a separate contract may also be considered for the purpose of assessing the technical competence only without adding its monetary value for determining the eligibility criteria.	
iii	For any civil work other than building work, if there is a significant component in the work other than normal building work then this component should be considered as main component of the work for the purpose of definition of similar work. The amount of such component can be mentioned in the definition of similar work.	

Note:

- (i) If there are a number of buildings in a similar work, than minimum one building should satisfy the definition of similar work.
- (ii) Mumty and machine room shall not be considered as storey for the purpose.
- (iii) Each basement, still constructed in the building shall be considered as storey.
- (iv) Should have average annual financial turn over during the last 5 years ending 31st March of Previous financial year should at least 30% of the estimated cost.
- (v) Should not have incurred any loss in more than 2 years during the last 5 years ending 31st March of previous Financial Year.
- (vi) Should have a solvency of 40% of estimated cost from bank or 10% solvency of estimate cost form District Magistrate.

The value of executed works shall be brought to current costing level by enhancing the actual value of work at a rate given below calculated from the date of completion to last date submission oftenderers.

Financial Year	Escalation/Enhancement factor
2021-22	1.00
2020-21	1.07
2019-20	1.14
2018-19	1.21
2017-18	1.28
2016-17	1.35
2015-16	1.42
