

AJAY MATHUR, Ph.D
Director General

DO No. PS/DG/1/1/2022- ISA (MTech Programme)

23rd March, 2022

Subject: **Request for nomination of candidates by countries under ISA Mid-Career Professionals Capacity Building Scheme (2022-23)-reg.**

Your Excellency,

ISA Secretariat presents its compliments to the National Focal Point of ISA and has the honour to announce the commencement of the process for the selection of ISA Solar Follow for 2022. You may recall that ISA had launched the Solar Fellowship Scheme for Mid-Career Professionals for ISA Member countries in 2019.

2. Under this scheme, one batch has already graduated, and two batches are undergoing training and instruction at IIT Delhi. The scheme is designed to benefit and encourage policy makers, planners, administrators, and managers in government, who have a public service commitment, a demonstrated leadership potential, and commitment to development in their own home country.

3. We invite applications for the 4th Batch for admission in MTech (Master of Technology) programme in Renewable Energy Technologies and Management (programme code: ESR) at the Indian Institute of Technology Delhi. The MTech Course begins in July 2022. This year the Course is open to all. Interested applicants need to apply online using the link <https://ecampus.iitd.ac.in/IPGADM/login>. The application process is given in <https://international.iitd.ac.in/application-process-for-graduate-studies/>. The portal will be opened in March-end.

We request you to (nominations of suitable candidates) widely circulate this notice and share this link and Nomination Form on website of your Ministry. We request you to share the URL of the website where this link is uploaded.

4. ISA will sponsor a total of 21 candidates, drawn from all its member countries. The applicant will have to meet the eligibility criteria as set by IIT, Delhi, as in the attached Annex. In case, ISA gets more than 21 nominations, the International Fellowship Committee will select the candidates based on a draw, priority being given first to Member Countries.

5. Some of the details of this scheme are as follows:

- a. **Programme Name:** M. Tech. in “Renewable Energy Technologies and Management”;
