

Mr. Manish Dabkara, CMD & CEO – EKI Energy Services Ltd. (EKI), said, “Team EKI has together once again achieved newer heights with yet another set of robust results for Q1 FY 2022-23. As we continue to grow as a team and outperform ourselves each year, we have been able to inch closer to our commitment to steer the planet to a future of net-zero emissions. We promise to continue our endeavor to restore nature and drive community development with our comprehensive bouquet of sustainable solutions”.

With an aim to strengthen its global footprint and also consolidate its leadership in Southeast Asian markets, the company recently ventured into the Republic of Singapore with the constitution of its wholly owned subsidiary - **EnKing International Pte Ltd**. The subsidiary offers climate consultancy and advisory services for carbon asset management.

The company’s another subsidiary- **GHG Reduction Technologies Private Limited**, which started manufacturing Improved Cook Stoves (ICS) at its Nashik plant with an existing manufacturing capacity of 1.2 million ICS per year. Company has plan to enhance its capacity upto 5 million in a phased manner. As on date, EKI has distributed 134,000+ cook stoves and currently have a strong order book of approx. Rs. 130+ Crs.

Earlier this year, EKI had also announced its commitment to become net-zero by 2030 in addition to defining a target to mobilize up to 1 billion credits within the next 5 years (by 2027).

With its deep expertise of over 13 years, across Carbon Credit/Asset Management, Carbon Credit Generation, Carbon Credit Supply, Carbon Credit Offsetting, Carbon Footprint Management, Sustainability Audits, as well as Carbon Neutrality and Climate Positive initiatives, EKI continues to offer strategic solutions enabling businesses across the world to fast track their climate ambition(s) .
