Order in respect to Haldia Energy Limited for its 2 X 300 MW Generating Stations  
and 400 KV double circuit dedicated transmission line

---

**Order:**

- 1.0 Haldia Energy Limited (HEL) has installed a 2 X 300 MW Power Plant at Haldia along with a 400 KV double circuit transmission line emanating from its generating station switchyard to the 400 KV Subhasgram sub-station of Power Grid Corporation of India Limited (PGCIL) for evacuation of the generation.
- 2.0 The sole beneficiary of HEL 2 X 300 MW power is CESC in terms of the agreed PPA between the parties. Accordingly, HEL submits applications before the Commission for determination of generation tariff in terms of clause (a) of sub-section (1) of section 62 of the Electricity Act 2003 following the procedures specified in the Tariff Regulations notified by the Commission. It has been observed that HEL has been submitting separate petitions for its generating plant as well as 400 kV Transmission line.
- 3.0 In terms of clause 16 of Section 2 of the Electricity Act 2003, the 400 KV transmission line from HEL generating station to Subhasgram, PGCIL is a dedicated transmission line and as per Section 10 of the Electricity Act 2003, it is the duty of generating company to establish, operate and maintain such dedicated transmission line.
- 4.0 In view of above, the Commission directs HEL to henceforth submit composite application for determination of tariff and for finalization of Annual Performance Review for the entire system of HEL consisting of its 2 X 300 MW power plant and dedicated transmission line with specific segregation and details as required under the provisions of the Tariff Regulations notified by the Commission from time to time.
- 5.0 A copy of the order shall be posted in the website of the Commission.
