Company Address:

838 Fort St, Victoria, BC, Canada. V8W 1H8

Website: <https://www.alacritycanada.com/>

Company Profile:

Alacrity Canada is a non-profit organization - founded in 2009 - that works to promote technological entrepreneurship and training, as well as facilitate regionalized investment. Alacrity has worked directly with the Province of B.C. and the Federal Government (primarily Pacific Economic Development Canada), delivering a total of eight successful programs to date. Through its business accelerator programs, Alacrity has supported more than 11,000 businesses, helping to create over 700 jobs, and attracting more than \$359.6M in investments for B.C.-based businesses.

Products and/or Services: Alacrity works to provide integrated end-to-end solutions, including both large-scale foreign infrastructure projects and localized solutions.

What sets them apart from their competitors: They make use of our parent organization, Alacrity Canada, and its robust network of advisors, mentors, and business experts, to identify problems in global markets that can be solved by Canadian companies, mentors, and business experts, to identify problems in global markets that can be solved by Canadian companies.

Objectives:

Building relations with MNEs, SMEs, and Government partners.

AMP ENERGY INDIA

Contact Details:

Kunal Saxena

General Manager – Strategic Initiatives

Company Address:

309, Rectangle One, Behind Sheraton Hotel,
Saket, New Delhi, Delhi 110017

Website: www.ampenergyindia.com

Company Profile:

Amp Energy India is India's First Truly Balanced Renewable Energy Company. With a current portfolio of about 2GWp+ spread across 15 states in the country, Amp Energy India is one of India's only triple play renewable developer having a balanced portfolio of C&I and utility customers.

It currently offers green power to 50+ marquee customers across 10+ Sectors, leading to a well-balanced portfolio. Some of these customers are amongst country's leading corporates such as Skoda Auto Volkswagen India, Cipla, Bharti Airtel, Britannia, AB InBev, Tata Hitachi, Orient Cement, L&T Metro Rail, Hewlett Packard Enterprise etc and some of the best utility off-takers such as Solar Energy Corporation of India, NTPC, RUMSL.

Amp Energy India is one of the few developers that has the capability to provide diversified solutions to its customers in niche segments (Solar, Hybrid, Floating Solar) on a large scale. These solutions help utility customers to meet their renewable energy targets, reduce their power purchase cost and also fulfil their renewable purchase obligations.

Additionally, Amp believes in building long-term relationship with its customers and acts as a One Stop Shop for Energy, providing sustainable solutions to them across different geographies and technologies such as Solar, Wind, Hybrids, Storage and Energy Trading. This helps the customers in reducing their
