The Bidder should have valid GSTIN registration certificate in the State. A copy of which should be enclosed.”

<p>7.Performance Security (PBG)</p>	<p>Performance Security (PBG): Rs 16.02 Lakh/MWp. This PBG amount shall be furnished by the successful bidder to Zonal Railways within 30 days of Signing of PPA.</p>
<p>8.Bid Security/EMD:</p>	<p>Bid Security/EMD: Rs. 10.68 Lakh/MW is to be submitted in the form of Bank Guarantee along with the Response to RFQ/RFP.</p> <p>Format of Bank Guarantee for Bid Security is provided at Appendix-II of RFP.</p>
<p>9. Bid process Management fees</p>	<p>Within 30 days of signing of PPA, successful bidders to provide Bid Process Management Fee of Rs 75,000/- per MWp (Rupees Seventy five thousand) (Exclusive of GST) of the awarded/signed capacity in PPA to FA & CAO, SEC Railway, Bilaspur.</p>
<p>10. METHOD OF BID SUBMISSION</p>	<p>(On line & offline mode) .Pl see Page No 32 to 33 of Tender Document. If the bidder has submitted off line documents and fails to submit the on line documents bid then the same shall be treated as incomplete bid and Cost of Bid document submitted shall be enchased.</p>

Important instruction to be followed while submitting offer

1	Reverse power relay should be provided to ensure solar generation when state supply gets OFF & DG set is working.
2	For daily monitoring of solar generation software based on line system should be developed . To access system ,login ID& password to each depot incharge where solar installed , including representative of Sr.DEE(G) Office should be provided .
3	EIG permission will be required if bidder has setup their own system i.e. Provision of 11 KV /415 V transformer , panels etc as per requirement of site . Otherwise EIG permission is not necessary.
4	In way side stations/small places where discom supply is not reliable& capacity of solar plant is below 25 KW, single phase inverter to be provided and output is connected to AT with metering arrangement to keep record of energy consumed and transferred to AT .This will also avoid net metering process with discom .
5	The bidders will submit state-wise bid comprising of the technical and commercial qualification with supporting documents. Evaluation of successful bidder for each SPV capacity and range for each State will be done independently.
6	Supply to inverter will be released from incoming supply i.e substation not from LT panel
7	Project capacity may be vary according to site requirement and feasibility.
