The Government of India, through the Ministry of New and Renewable Energy, has been encouraging domestic manufacturers of Solar PV cells and modules, by way of a policy of Domestic Content Requirement, wherever permitted by WTO.

In order to avoid misuse of policy, it has been decided that with respect to solar PV power projects under MNRE's Schemes/ Programmes, where Domestic Content Requirement (DCR) has been mandated in a WTO compliant manner, the following actions shall be taken by MNRE or any agency acting on behalf of MNRE for violation of DCR provisions prescribing use of domestically produced cells and modules.
