- 1.2 The Union Cabinet has approved the National Green Hydrogen Mission with an outlay of Rs. 19,744 Crore up to 2029-30. The Strategic Interventions for Green Hydrogen Transition (SIGHT) programme is a major financial measure under the mission, with an outlay of 17,490 crore. The programme proposes two distinct financial incentive mechanisms to support domestic manufacturing of Electrolysers and production of Green Hydrogen. These incentives are aimed at enabling rapid scale-up, technology development and cost reduction.
- 1.3 Subsequent to conclusion of Tranche-I bidding under the Incentive Scheme for Electrolyzer Manufacturing, MNRE has issued “Scheme Guidelines for implementation of “Strategic Interventions for Green Hydrogen Transition (SIGHT)” Programme – Component I: “Incentive Scheme for Electrolyser Manufacturing Tranche-II” under the National Green Hydrogen Mission”, vide F. SECTION 2. SPECIAL CONDITIONS OF CONTRACT

3 *Scope of Work*

- 3.1 Under this RfS, the EM shall be required to set up manufacturing capacities for Electrolysers, with the primary objective to promote domestic manufacturing of electrolysers and production of Green Hydrogen.
- 3.2 With the objective to promote indigenously developed electrolyser technologies, bids under this RfS are invited in three separate buckets as follows:

Bucket No.	Description
1	Electrolyser manufacturing capacity based on any stack technology
2A	Electrolyser manufacturing capacity based on indigenously developed stack technology
2B	Electrolyser manufacturing capacity based on indigenously developed stack technology-smaller units

4 *Total capacity offered*

- 4.1 The capacities will be allocated in separate bucket based on the stack technology proposed by the bidders. The total capacity is divided into the two buckets as follows:

Bucket No.	Capacity offered
1	1100 MW
2A	300 MW
2B	100 MW

5 *Maximum Eligibility for Contracted Capacity Allocation for a Bidder*

Following conditions shall be applicable to the Bidders for submission of bids against this RfS:

- 5.1 A Bidder, including its Parent, Affiliate or Ultimate Parent or any Group Company shall submit a single bid for a bid capacity in each bucket in the following way:

Bucket No.	Minimum bid capacity (MW)	Maximum bid capacity (MW)
1	100	300
2A	100	300
2B	10	30

Note: In case a common Company/Companies directly or indirectly hold(s) more than 10% but less than 26% shareholding in more than one Bidder participating in the RfS,

each one of such Bidders will be required to submit the Disclosure as per Format 7.8A. In all other cases, Format 7.8 will be applicable.

Manufacturing capacities indicated in the RfS/ quoted by the Bidder shall mean “annual” manufacturing capacities committed by the Bidder/EM

- 5.2 The evaluation of bids shall be carried out as described in Section-5 of the RfS.
- 5.3 Multiple bids from same company including its Parent/ Ultimate Parent/Affiliates/Group Companies shall make all the bids submitted by the group invalid. In case of Joint Venture Company/ Consortium, a partner/ company will be allowed to tie up the manufacturing capacity with another partner/company for one bid only.
- 5.4 The bidder shall be allowed to bid for all the three buckets. The bids for the Bucket 2B will be evaluated first. Any unallocated capacity shall be shifted to Bucket 2A. Then, Bucket 2A shall be evaluated. Any unallocated capacity in Bucket 2A shall be shifted to Bucket 1. Bucket 1 shall be evaluated the last.
- 5.5 The maximum capacity that will be allocated to a Bidder including its Parent, Affiliate or Ultimate Parent or any Group Company shall be limited to 300 MW cumulatively across all the tranches and buckets under the SIGHT Programme. However, in case any capacity remains unallocated in this tranche, MNRE may relax this ceiling for subsequent tranches.

It is clarified that while the EM is allowed to change its technology during the project implementation, while remaining in the same Bucket as allocated by SECI, the LVA and SEC values as submitted shall remain unchanged subsequent to bid submission deadline.

- 5.6 Bidders who are eligible for award of capacity in any Bucket will be considered for award of capacity in the other Buckets for the balance capacity, only if capacity eligible for award in the next Bucket is less than 300 MW.

6 *Performance criteria*

6.1 **Required Values of Electrolysers Performance, Local Value Addition (LVA) and Guaranteed life:**

EM will have to fulfil certain values of Electrolysers performance (Specific Energy Consumption) and Local Value Addition (LVA) for being eligible for incentive under this scheme, as follows:

Parameter	Minimum values required for 1 st year	Minimum values required for 2 nd year	Minimum values required for 3 rd year	Minimum values required for 4 th year	Minimum values required for 5 th year

Specific Energy Consumption (SEC or σ)*	Specific Energy Consumption (σ) shall be equal to or less than 56 kWh/kg of H ₂ production. For this purpose, the SEC shall be measured at 100% rated capacity at the stack level on DC side. The SEC values will need to be demonstrated prior to commissioning of the electrolyzer.					
Local Value Addition (LVA)	For Alkaline Electrolyser	40%	50%	60%	70%	80%
	For Proton Exchange Membrane/ Solid Oxide Electrolyser/ Anion Exchange Membrane Electrolyser/any other technology	30%	40%	50%	60%	70%
Guaranteed life of Electrolyser	The Guaranteed Life of Electrolyser shall be at least 60,000 hrs with end-of-life efficiency not falling below 80%. The EM shall be required to submit certification from UL/NABL accredited laboratories for the guaranteed life along with the End of Life efficiency of not less than 80% of the initial value. Illustration: Assuming the SEC as declared by SECI for a particular incentive year is 50 kWh per kg of Hydrogen i.e. 20 gm of Hydrogen being produced per unit of electricity consumed. This will be considered as 100 % efficiency. Now 80 % efficiency corresponding to the above declared efficiency would be when the Electrolyzer is able to produce 16 gm of Hydrogen per unit of electricity consumed.					

It is clarified that Guaranteed life of Electrolyser under this Clause means the Guaranteed Life of the Stack.

Further, the percentage of Local Value Addition will be calculated as follows:

$$LVA = \left[\frac{(\text{Sales Value of Electrolyser}) - (\text{Value of imports})}{\text{Sale Value of Electrolyser}} \right] * 100$$

In which,

- i. Sale Value of Electrolyser is the Sale value of Electrolyser as per GST invoice excluding net domestic indirect taxes and returns.
- ii. Value of imports is the Value of direct and indirect imported materials and services (including all Customs Duty) as per Bill of Entry filed in Customs, used in manufacturing of Electrolyser.
- iii. Verification of Local Value Addition (LVA) will be carried out on an annual basis. For the

purpose of determination of LVA, weighted average LVA for the complete sales in a given year shall be certified by Statutory Auditor.

- 6.2 At the time of submission of response to RfS, as part of the first envelope, the Bidders will be required to submit the following details in the Covering Letter as per Format 7.1:
- a. Bucket (1/2A/2B, or any combination thereof)
 - b. Annual Manufacturing Capacity for which incentive is sought (MW)

and as part of the second envelope, the Bidders will be required to submit the following details in the Performance Parameters Matrix (PPM) as per Format 7.10:

- a. Year-wise percentage of Local Value Addition (LVA)
- b. Year-wise performance parameters of manufactured Electrolysers (Specific Energy Consumption (SEC) (σ)).

The Bidder shall also be required to declare the plan for local value addition, and the estimated employment generation and exports during the tenure of the Scheme, in the Performance Parameter Matrix at the time of bid submission.

6.3 **Shortfall in demonstrating Performance Criteria:**

- a) In case for any given year, the Manufacturer falls short on quoted level of Electrolyser performance (SEC) and/or quoted level of LVA, then the incentive availed will be as per clause 34.2 of the RfS.
- b) In case the EM falls short on quoted level of SEC and/or quoted level of LVA for any incentive year, such that the incentive applicable for that year is calculated to be zero, the amount equivalent to 2% of the PBG submitted at the time prior to LoA will be encashed as penalty for every year of such default.
- c) Subsequent to commissioning of the Project, the PBG originally submitted by the EM will be returned, after accounting for delay in commissioning, if any, and in lieu of submission of a fresh Bank Guarantee (BG) (drafted in the format identical to the PBG), for an amount of 10% of the PBG value, with a validity upto the date as on 75 months from the SCD/extended SCD or the date of commissioning of full Project capacity/capacity finally accepted under the RfS, whichever is earlier.
- d) After the passage of each incentive year, (1/5)th amount of the above BG will be released to the EM, if not encashed by SECI. The last (1/5)th part of the BG if not encashed by SECI, will be released along with release of the final tranche of incentive after reconciliation/adjustments against the amounts released for the preceding incentive years.

7 Construction Plan Monitoring

- 7.1 Bidders are required to submit the following documents with their response, as part of response to RfS:
- a. Construction Plan
 - b. Timelines/ PERT chart of major construction activities
 - c. Tentative Project location.

The above details may be changed by the Successful Bidder subsequent to issuance of LoA.

- 7.2 EMs shall be required to submit the Quarterly Progress Report to SECI containing the Project progress updates with respect to above parameters, along with reasons for delay, if any.
- 7.3 MNRE/SECI and/or its authorized agency will have the right to carry physical inspection of EM's Manufacturing Facilities and offices. SECI reserves the right to appoint Independent Engineer/ Firm for monitoring of the construction activity.
- 7.4 It is clarified that Projects which are under construction are eligible for participation in this RfS. Projects which have commissioned/ commenced production of Electrolysers as on the date of issuance of this RfS are not eligible for incentives under this RfS.

8 *Commissioning of Electrolysers Manufacturing Facilities*

- 8.1 The Electrolysers Manufacturing Facilities set up under this RfS shall be allowed **30 months from the date of issuance of Letter of Award (LoA)** for commissioning of full Manufacturing Capacity, which shall be referred as Scheduled Commissioning Date (SCD). For eg. if the LoA is issued on 10.07.2024, the SCD shall be considered as 10.01.2027.
- 8.2 A detailed commissioning procedure will be issued subsequent to the issuance of LoA and prior to SCD. The EM will be required to intimate SECI at least 45 days in advance regarding expected date of commissioning/ part-commissioning of the project so that SECI may plan for site inspection or any other activity to be planned for confirmation/validation of the commissioning/ part-commissioning. Site inspection and verification of parameters as per the RfS may also be carried out by agencies authorized by MNRE/SECI.
- 8.3 An inspection team comprising members from SECI and/or its authorized agencies will visit the Manufacturing Facility at the time of commissioning or immediately after its commissioning to verify manufacturing capacity and performance of Electrolysers, as promised at the time of bid submission. If required, MNRE/SECI may also designate National Accreditation Board for Testing and Calibration Laboratories (NABL) accredited labs, etc. for such verification. The EM will be required to provide information/documents to the satisfaction of SECI/MNRE or any of their authorized representatives to the extent of their satisfaction, as necessary for verification of claims of the EM.
- 8.4 Part Commissioning of the Project is allowed. However, the EM shall be allowed to commission the Project in a maximum of 3 installments, with each part capacity to be chosen at its own discretion. The eligible incentive (based on net sales or allocated capacity, whichever is lower, actual Specific Energy consumption and actual LVA)

payout will commence from the SCD (or extended SCD) or the date of commissioning of full Project capacity/capacity finally accepted under the RfS, whichever is earlier.

In case only a part capacity has been commissioned up to the period allowed for commissioning of the Project with the applicable penalty as per Clause 8.5.a, only the part commissioned capacity will be eligible for incentive and the remaining capacity that has not been commissioned will stand cancelled, in which case the provisions as per Clause 8.5.b will be applicable for the capacity that has not been commissioned.

8.5 **Penalty for delay beyond SCD:**

- a. The maximum deadline allowed for commissioning of full project capacity shall be limited to the date as on 6 months from SCD. For eg. if the SCD is 10.01.2027, the above deadline shall be 10.07.2027.
- b. In case of delay in commissioning of the Project beyond the SCD until the deadline as per Clause 8.5.a. above, as part of the penalty, the total PBG amount for the Project shall be encashed on per-day basis and proportionate to the balance capacity not commissioned. For example, in case of a Project of 300 MW capacity, if commissioning of 100 MW capacity is delayed by 18 days beyond the SCD, then the penalty shall be: PBG amount X (100/300) X (18/180). For the purpose of calculations of penalty, 'month' shall be considered consisting of 30 days.
- c. In case of further delay in commissioning the full Project capacity beyond the date as per clause 8.5.a above, PBG amount commensurate to the Project capacity not commissioned until the above deadline will be encashed and the awarded capacity under this RfS will stand modified to the capacity commissioned until the above deadline.

Note: The penalty is levied on behalf of the Government of India to ensure these Projects are not left incomplete or delayed for reasons which don't qualify for any extension of time. Therefore, SECI will be under no obligation to demonstrate any proof of loss on account of such delay or incompleteness /non-completion of the Project.

9 Project Location

- 9.1 The Projects can be set up anywhere in India at the locations chosen by the EM at its own discretion of and cost, risk and responsibility.
- 9.2 All approvals, permits and clearances required for setting up of the Project, including but not limited to pollution clearance and clearances for land for the Project, shall be in the scope of the EM.

10 Disbursement of Incentives

- 10.1 The Manufacturing Facilities awarded under this RfS will be eligible for getting Incentives on quarterly basis on sales of Electrolysers for 5 year from the SCD (or extended SCD) or the date of commissioning of full Project capacity/capacity finally accepted under the RfS, whichever is earlier.

10.2 **Manufacturing Facility inspection prior to Incentive disbursement:** For each of the years in which the EM is eligible for disbursement of Incentive (“Incentive years”), the assessment of the EM’s claims for eligibility of Incentive will be carried out as follows:

- a. For verification of Electrolyser performance, there will be maximum 4 quarterly visits carried out at the Manufacturing Facility, in an Incentive Year. Samples will be chosen by the inspection team during each visit, and testing of the same shall be conducted. The results obtained on the batch being sampled during each visit, will be applicable for the total production considered for Incentive disbursement in between last visit and present visit. The result of the lowest performing Electrolyser from the samples tested during the quarterly visits will be considered for calculation of incentive for the incentive year.
- b. In this case, the above site visit will take place within the last 2 weeks of the end of the corresponding quarter. While the cost of site visit each inspection will be borne by SECI, transportation of chosen samples to and from the testing facility, will be the responsibility of the EM, at its own risk and cost. The methodology of sampling and testing procedure will be issued in due course.

The testing of the samples will be carried out in the factory premises/end consumer premises, as identified by the EM. It will be the responsibility of the EM to calibrate the testing bench, equipment, etc. for testing. The EM shall be required to submit valid calibration certificates from UL/NABL accredited laboratories against performance certification of the Electrolysers. The traveling and lodging costs of officials from SECI/its designated agencies for each visit will be borne by SECI. All other costs pertaining to the inspection procedure will be borne by the EM.

- c. Verification of Local Value Addition (LVA) will be carried out on annual basis. For the purpose of determination of LVA, weighted average LVA for the complete sales in a given incentive year shall be certified Statutory Auditor. The percentage of Local Value Addition will be calculated as follows:

$$\frac{[(\text{Sale value of Electrolysers as per GST invoice excluding net domestic indirect taxes and returns}) - (\text{Value of direct and indirect imported materials and services (including all Customs Duty) as per Bill of Entry filed in Customs, used in manufacturing of Electrolysers})]}{[\text{Sale value of Electrolysers as per GST invoice excluding net domestic indirect taxes and returns}]} \times 100\%$$

Any product used in manufacture of Electrolysers will be considered as made in India, if same is manufactured in India, however the raw materials for the same can be imported.

For example: If membrane is manufactured in India using imported raw materials, and the same membrane is used in manufacturing of Electrolyser, then the value of the membrane used in Electrolyser will be counted towards LVA of Electrolyser.

Any of the components of Electrolyser can be imported by the Successful Bidder subject to condition it meets LVA requirement to through balance of material which are indigenous.

- 10.3 The EM shall be required to give a self-declaration and a Statutory Auditor's certificate in support of meeting the above required parameters, as part of its submission of claim for Incentive for each year. Payments against Cost of RfS document and Bid Processing Fee shall be done only through NEFT/RTGS (electronic transfer), and the Bidder shall submit the transaction receipt, as part of the online bid submission.

The bank details of SECI are available at SECI's website: www.seci.co.in under the "Financials" Tab.

The Bank Guarantees towards EMD have to be issued in the name of the Bidding Company/ Lead Member of Bidding Consortium/JV. In the event of encashment of EMD, the encashed amount shall include all applicable taxes.

Electronic Bank Guarantee (e-BG) is also acceptable against EMD under this RfS.

In the case of a bidder bidding for more than one bucket, the EMD needs to be submitted

for the value corresponding to the cumulative of both the buckets. However, if the cumulative quoted capacity is more than 300 MW, which is the maximum capacity that will be allocated under this RfS, EMD may be submitted for an amount corresponding to 300 MW.

For e.g., if a bidder quotes 200 MW in Bucket 1, and 300 MW in Bucket 2A, then the EMD amount to be submitted under the RfS will be calculated as follows:

Bucket	Bid Capacity (MW)	Maximum Capacity to be awarded (MW)	EMD (Rs. Cr.)
Bucket 1	200	300	22.20
Bucket 2A	300		

Thus, in this case, the Bidder shall be required to submit EMD for a value corresponding to Rs. 22.20 Cr. (i.e. Rs. 22,20,00,000/-), which is the value corresponding to the maximum capacity that will be allocated under this RfS.

While the capacities quoted by the Bidder are annual (MW/annum), the values of EMD, PBG and Success Fee, as well as the Net-worth criteria will be calculated based on manufacturing capacity for one year.

- 13.2 The Bidder shall furnish the Bank Guarantees towards EMD from any of the Scheduled Commercial Banks as listed on the website of Reserve Bank of India (RBI) and amended as on the date of issuance of bank guarantee. Bank Guarantee issued by foreign branch of a Scheduled Commercial Bank is to be endorsed by the Indian branch of the same bank or State Bank of India (SBI).

The EMD shall be valid as per the timelines stipulated above. However, shortfall in the EMD validity, if any, up to a period of seven (7) days shall be acceptable. Further, an additional shortfall only in the following cases shall be acceptable: If the Bidder has submitted the EMD with validity as per original bid submission date or as per any revised submission date and if the deadline for submission of bids has been extended further, the EMD shall be acceptable, provided the EMD is valid for more than two months from the actual date of bid submission and the Bidder submits the EMD extension for the requisite period within seven days from the date of actual bid submission, if required.

- 13.3 SECI has agreed to accept the EMD in the form of an unconditional and irrevocable Bank Guarantee instead of the cash deposit with the clear position intimated to the bidder that the EMD Bank Guarantee shall be encashable for being appropriated by SECI in terms of the guarantee as in the case of appropriation of the cash deposit lying with SECI.
- 13.4 The Bank Guarantee (BG) or amendment to be submitted against EMD shall be effective only when the BG issuance message is transmitted by the issuing bank through SFMS to IDFC First Bank IFSC: IDFB0020101, Client Name: Solar Energy Corporation of India Ltd and a confirmation in this regard is received by SECI. Message Type: IFN760COV is to be used by the issuing bank.

This Letter of Undertaking shall be issued as “Payment on Order Instrument” (POI), wherein the POI issuing organization undertakes to pay in all scenarios under which the EMD would be liable to be encashed by SECI within the provisions of RfS/LoA. This instrument would have to be furnished as per Format 7.3 B of the RfS, within the timelines as per Clause 13.1 above, for the amount and validity period as per those Clause 13.1 above.

- 14.3 The Successful Bidder shall furnish the PBG from any of the Scheduled Commercial Banks as listed on the website of Reserve Bank of India (RBI) and amended as on the date of issuance of bank guarantee. In case of the Project being implemented through an SPV incorporated by the successful bidder, the PBG shall be furnished in the name of the SPV, except for the case as indicated in Clause 32.4 of the RfS.

SECTION 4. QUALIFICATION REQUIRMENTS FOR BIDDERS

Shortlisting of Bidders will be based on the following Criteria:

28 *General Eligibility Criteria*

Bidders participating in the RfS will be required to meet the following eligibility criteria (as applicable).

28.1 The Bidder shall be a Company or a Joint Venture/Consortium. However, in case of Joint Venture Company/Consortium, a Partner/ company will be allowed to tie up with another Company for one bid only.

28.2 Joint Venture/Bidding Consortium with one of the Companies as the Lead Member. Consortium/JV shortlisted and selected based on this RfS has to necessarily form a Project Company and get it registered under the Companies Act, 2013 within 180 days of issuance of LoA. For the avoidance of doubt, it is hereby clarified that the shareholding pattern of the Project Company shall be the identical to the shareholding pattern of the Consortium/JV as indicated in the Consortium/JV Agreement (Format 7.5).

28.3 A foreign company can also participate on a standalone basis or as a member of consortium/JV at the RfS stage. In case of foreign company participating on standalone basis and its selection as Successful Bidder, it has to form a “Special Purpose Vehicle” (SPV), i.e. an Indian Company registered under the Companies Act, 2013 as its subsidiary Company, with at least 51% shareholding in the SPV, within 180 days of issuance of LoA. In case a Foreign Company is selected as the successful Bidder, it shall comply with all the laws and provisions related to Foreign Direct Investment in India.

In case the foreign company participating as a member of consortium/JV, Clause 28.2 of the RfS shall be applicable.

28.4 For the purpose of participation in this tender and disbursement of incentive, the O.M. issued by the Department of Expenditure, Ministry of Finance, vide No. 7/10/2021-PPD(1) dated 23.02.2023 is not applicable. However, in case the Electrolysers are being procured by an entity covered under the above OM, the relevant provisions of the above OM may be applicable on such procurement process. The Bidder shall submit its response to this RfS in full cognizance of this scenario.

28.5 Limited Liability Partnership (LLPs) are not eligible for participation.

28.6 Any consortium/JV, if selected as Successful Bidder under this RfS, shall incorporate a Project company with equity participation by the Members in line with consortium/JV agreement (to be submitted along with the response to RfS) after issuance of LoA and within 180 days of the date of issue of LoA by SECI, i.e. the Project Company incorporated shall have the same shareholding pattern as that indicated in the Consortium/JV Agreement given at the time of submission of response to RfS.

28.7 The Bidder or any of its Affiliates should not be a willful defaulter to any lender. Further, the Bidder & any of its Affiliate including any Consortium Member & any of its Affiliate, their directors should not have been barred or included in the blacklist by any government

agency or authority in India, the government of the jurisdiction of the Bidder or Members where they are incorporated or the jurisdiction of their principal place of business, any international financial institution such as the World Bank Group, Asian Development Bank, African Development Bank, Inter-American Development Bank, Asian Infrastructure Investment Bank etc. or the United Nations or any of its agencies. The Bidder shall submit an undertaking to this effect.

28.8 A Successful Bidder may choose to implement the Project through a “Special Purpose Vehicle” (SPV), which can be a newly incorporated entity or an existing Company registered in India.

Multiple SPVs may also be utilized for executing more than one Project. For avoidance of doubt, it is clarified that the subsidiary Company as mentioned in Clauses 28.3, 28.6 and 28.8 above, should be an immediate subsidiary of the bidder, without any intermediaries involved.

The following illustrations are provided to clarify the same:

Scenario 1:

Scenario 2:

As per provisions of the RfS, only Scenario 1 will be permissible under this RfS.

29 Financial Eligibility Criteria

29.1 Net-Worth

- i. The Net Worth of the Bidder, as on the last date of previous Financial Year, i.e. FY 2022-23 should be greater than or equal to **INR 1 Crore per MW** of quoted annual manufacturing capacity for **Bucket 1 or 2A**. For Bidders participating in **Bucket**

2B, the minimum Net Worth requirement is **Rs. 30 lakhs per MW** of the quoted manufacturing capacity.

In the case of a Bidder participating in more than one Bucket, the Net-worth needs to be demonstrated for the value corresponding to the cumulative capacity (MW) amount quoted for the respective Buckets. However, if the cumulative quoted capacity is more than 300 MW, which is the maximum capacity that will be allocated under this RfS, Net-Worth requirement may be demonstrated for an amount corresponding to 300 MW.

Eg.-1: If a Bidder quotes 200 MW in Bucket 1, and 150 MW in Bucket 2A, then the Net-worth amount applicable for the individual buckets will be as follows:

Bucket	Bid Capacity (MW)	Maximum capacity to be awarded (MW)	Net-worth (Rs. Cr.)
Bucket 1	200	300	300
Bucket 2	150		

Thus, in this case, the Bidder shall be required to demonstrate a Net-worth of Rs. 300 Cr.

Eg.-2: If a Bidder quotes 200 MW in Bucket 1, 200 MW in Bucket 2A and 100 MW in Bucket 2B, then the Net-worth amount applicable for the individual buckets will be as follows:

Bucket	Bid Capacity (MW)	Maximum capacity to be awarded (MW)	Net-worth (Rs. Cr.)
Bucket 1	200	300	300
Bucket 2A	200		
Bucket 2B	100		

Thus, in this case, the Bidder shall be required to demonstrate a Net-worth of Rs. 300 Cr.

- ii. The Net-Worth to be considered for the above purpose will be the cumulative Net-Worth of the Bidding Company or Consortium together with the Net Worth of those Affiliates/shareholders of the Bidder(s) that undertake to contribute the required equity funding and PBG/POI in case the Bidder(s) fail to do so in accordance with the RfS.
- iii. Net Worth to be considered for this clause shall be the total Net Worth as calculated in accordance with the Companies Act, 2013 and any further amendments thereto.
- iv. It is clarified that the term “Net-worth” shall also include Assets Under Management or investible funds in case the financial strength of an AIF is utilized. The relevant provisions and formats of the RfS shall be read accordingly.

29.2 The Bidder may seek qualification on the basis of financial capability of its Affiliate(s) for the purpose of meeting the qualification requirements as per Clauses 29.1 above. In case of the Bidder being a Bidding Consortium/JV, any Member may seek qualification on the basis of financial capability of its Affiliate(s). In such cases, the Bidder shall be required to submit Board Resolutions from the respective Affiliate(s), undertaking to contribute the required equity funding and Performance Bank Guarantees/POI in case the Bidder(s) fail to do so in accordance with the RfS. In case of non-availability of the Board Resolution as required above, a letter from the CEO/ Managing Director of the respective Affiliate(s), undertaking the above, shall be required to be submitted and the requisite Board Resolution from the Affiliate(s) shall be required to be submitted prior to issuance of LoA.

The term “Affiliate(s)” in this Clause shall be read as “Affiliate(s)/shareholder(s)”.

The Bidder may also seek qualification on the basis of financial capabilities of “Alternate Investment Funds” (AIFs) as registered under SEBI. “AIF” shall be as defined by SEBI. For this purpose, the Bidder shall submit a Letter of Undertaking from the AIF, committing to contribute the required equity funding and performance bank guarantees in case the Bidder fails to do so in accordance with the RfS.

Financial credential of such AIFs shall be evaluated based on the Asset Under Management (AUM) or investible funds, calculated in accordance with applicable SEBI (AIF) Regulations.

29.3 For the purposes of meeting financial requirements, only latest unconsolidated audited annual accounts shall be used. However, audited consolidated annual accounts of the Bidder may be used for the purpose of financial requirements provided the Bidder has at least twenty six percent (26%) equity in each Company whose accounts are merged in the audited consolidated account. The term “Bidder” in this clause, also includes Affiliate(s)/shareholders(s) whose financial credentials are being used to meet the financial eligibility criteria.

29.4 A Company/Consortium/JV would be required to submit annual audited accounts for the last FY, 2022-23, along with net worth certificate from a practicing Chartered Accountant/Statutory Auditor to demonstrate fulfillment of the criteria. In case of foreign companies, the Bidders shall be required to submit the annual audited accounts for the last respective financial year as per the general norm in the country where the Bidder or its Affiliate(s) is/ are located.

Note: In case of foreign Bidders, in the event the Bidder is unable to furnish the audited annual accounts for the previous financial year as per the prevalent norm in the respective country, the Bidder shall submit the annual audited accounts of the last financial year for which the audited accounts are available. This, however, would be acceptable, subject to the condition that the last date of response to this RfS falls on or within the deadline for completion of audit of annual accounts of companies, as stipulated by the laws/rules of the respective country, and the Bidder shall submit the corresponding documentary evidence against the same. In case the annual accounts are submitted in a language other

than English, a certified English translation from an approved translator shall be required to be submitted by the Bidder.

- 29.5 For meeting the above financial eligibility criteria, if the data is provided by the Bidder in a foreign currency, equivalent Indian Rupees of Net Worth will be calculated by the Bidder using Reserve Bank of India's reference rates prevailing on the date of closing of the accounts for the respective financial year.
- 29.6 In case of any currency for which RBI reference rate is not available, Bidders shall convert such currency into US Dollar (USD) as per the exchange rates certified by their banker prevailing on the relevant date and used for such conversion. After such conversion, Bidder shall follow the procedure/ submit document as elaborated in Clause 29.5 above.
- 29.7 In case the response to RfS is submitted by a Consortium/JV, then the financial requirement is required to be met by the Consortium/JV members on an aggregate basis.
- 29.8 **Note:** Wherever applicable, audited accounts for the last FY, 2022-23 will be required to be submitted for meeting the qualification requirements. In case the audited annual accounts of FY 2022-23 are not available, then audited annual accounts of FY 2021-22 can be considered.

SECTION 5. BID EVALUATION AND SELECTION OF PROJECTS

30 Bid Evaluation

Bid evaluation will be carried out considering the information furnished by Bidders as per provisions of this RfS. The detailed evaluation procedure and selection of bidders are described in subsequent clauses in this Section.

31 Evaluation of Envelope-1 of Bidders (Step 1)

31.1 The first envelope (Envelope-1 submitted online) of only those Bidders will be opened by SECI whose required documents as mentioned at Clause 22 of the RfS are received by SECI. Bid opening (online) will be done only after the deadline for submission of Bank Guarantee (if applicable) and/or transaction receipts of payment against Cost of RfS document and Bid Processing Fee.

For e.g., if the bid submission deadline is 18:00 hrs on 31.06.2024, the online bid opening will be conducted on 02.07.2024. In case of the above deadline being a holiday, the bids will be opened on the next working day.

31.2 Subject to Clause 22 of the RfS, SECI will examine all the documents submitted by the Bidders and ascertain meeting of eligibility conditions prescribed in the RfS. During the examination of the bids, SECI may seek clarifications/additional documents to the documents submitted etc. from the Bidders if required to satisfy themselves for meeting the eligibility conditions by the Bidders. Bidders shall be required to respond to any clarifications/additional documents sought by SECI within 07 (seven) days from the date of such intimation from SECI. All correspondence in this regard shall be made through email/ISN-ETS portal only. It shall be the responsibility of the Bidder to ensure that the email id of the authorized signatory of the Bidder is functional. The Bidder may provide an additional email id of the authorized signatory in the covering letter. No reminders in this case will be generally issued. It shall be the sole responsibility of the Bidders to remove all the discrepancies and furnish additional documents as requested. SECI shall not be responsible for rejection of any bid on account of the above.

31.3 The response to RfS submitted by the Bidder shall be scrutinized to establish Eligibility as per Section-4 of the RfS

32 Evaluation of Envelope-2 of Bidders (Step 2)

32.1 The second envelope (Envelope-2 submitted online) of only those bidders shall be opened who are found to be qualified as per the Qualifying Requirements laid down in Section-4.

32.2 Based on details of the proposed Manufacturing Facility submitted by the eligible bidders, sorting and shortlisting of bidders shall be carried out as detailed in clause 33.

33 Selection of Successful Bidders

33.1 The selection parameter of the quoted bid capacity will be calculated as the sum of products of following two components (over the 5-year period) as submitted by the Bidder as part of Format 7.10

- a. **Local Value Addition (LVA) factor**, which is a function of percentage of LVA as quoted by the Bidder for the particular year;
- b. **Performance Quotient**, as identified from the Performance Matrix as per clause 33.2 for the particular year;

33.2 Formula for calculation of Selection parameter shall be as follows:

$$\text{Selection Parameter} = \sum_{i=\text{year } 1}^{\text{year } 5} \text{LVA factor}_i \times \text{Performance Quotient}_i$$

where,

- a. 'i' is the year counted from date of scheduled or actual commissioning (whichever is earlier) ranging from 1 to 5;
- b. **Local Value Addition (LVA) Factor_i** is a function of the percentage of Local Value Addition (LVA), submitted for the ith year. LVA Factor is derived as per the following table:

i. For Alkaline Electrolyser:

LVA%	<40%	≥40% and <50%	≥50 and <60%	≥60 and <70%	≥70 and <80%	≥80 and ≤90%	>90%
LVA Factor	0	0.4	0.5	0.6	0.7	0.8	1.0

ii. For PEM/SOEC/AEM Electrolyser:

LVA%	<30%	≥30% and <40%	≥40% and <50%	≥50 and <60%	≥60 and <70%	≥70 and ≤80%	>80%
LVA Factor	0	0.4	0.5	0.6	0.7	0.8	1.0

The incentive amount increases with increased Local Value Addition, in order to encourage manufacturers to source their material from the domestic market.

- c. **Performance Quotient:** The scheme aims to incentivize manufacturing of better performance and high-quality electrolysers in India. Since Specific Energy Consumption (SEC) of electrolyser will directly impact the cost of Green Hydrogen, the following performance quotient will be considered while calculating the incentives:

Category Number	1	2	3	4	5	6	7	8	9	10	11	12
-----------------	---	---	---	---	---	---	---	---	---	----	----	----

Specific Energy Consumption (σ) (kWh/kg of H ₂)	<46	≥ 46 & <47	≥ 47 & <48	≥ 48 & <49	≥ 49 & <50	≥ 50 & <51	≥ 51 & <52	≥ 52 & <53	≥ 53 & <54	≥ 54 & <55	≥ 55 & ≤ 56	> 56
Performance Quotient	1.20	1.16	1.12	1.08	1.04	1.00	0.96	0.92	0.88	0.84	0.80	0

- 33.3 The Bidders will be ranked in the decreasing order of the Selection Parameter for allocation of the admissible bid capacity
- 33.4 In case of a tie in the Selection Parameter, the selection will be based on the average performance quotient over the 5 year period.
- 33.5 In case two or more bids have the exact same Selection Parameter, such tied bids will be prioritized based on bid capacity and if bid capacities and also the same then such tied bidders will be given the same ranking and allotted manufacturing capacity accordingly.
- 33.6 In case a part capacity is allocated to the Bidder based on the total availability of the capacity for bidding, such a Bidder would be free to exercise its refusal of such allocation, on accounts of economies of scale, and this allocation shall be offered to the next Bidder in sequence. Such refusal shall be intimated to SECI within 7 days of intimation of part capacity offer by SECI to the respective Bidder, failing which, the awarded capacity shall be deemed to have been accepted by the said Bidder.

In case of refusal of such capacity, the Bidder next in line will be offered a manufacturing capacity along with incentive, through email from SECI, and the said Bidder shall be required to intimate its acceptance or refusal of such capacity within 7 days of issuance of the above email. In case of no response or conditional response being received from the said Bidder, the offer from SECI will be deemed to have been rejected by the Bidder, and the process will continue, until the last Bidder is reached, or the total quantum available for bidding is exhausted, whichever is earlier.

In case of refusal of such part capacity offered/allocated to the bidder during the stipulated 7-day period, the BG/POI against EMD submitted by such Bidder shall be returned along with those of the unsuccessful Bidders.

34 Calculation of Incentive

- 34.1 The incentive for the quoted bid capacity will be calculated year-wise as a product of following four components as submitted by the Bidder as part of Format 7.10:
- Quoted base support rate** (in Rs./kW) is base incentive as identified as per Clause 34.2.b of the RfS for the particular year;
 - Domestic Value Addition (DVA)**, which is a function of achieved value of LVA against the quoted value of LVA by the Bidder for the particular year as per clause 34.2.c of the RfS;

- c. **Performance Multiplier**, which is a function of achieved performance parameter (SEC) against the quoted performance parameter as identified from the Performance Matrix as per clause 34.2.d of the RfS for the particular year;
- d. **Yearly sales** (in Kilo Watt (kW)) corresponding to the manufacturing capacity eligible for claiming incentive. It is the net sales of Electrolysers for the year (in kW) as defined in clause 34.2.e of the RfS.

Note:

- (i) While the Bidders are allowed to submit values of Specific Energy Consumption and LVA differently for each year, it is clarified that except for the first year, the value of each of the above parameters, submitted for any particular year shall be better than or equal to the corresponding value submitted for the previous year. For eg., in case a Bidder quotes an SEC value of 49.5 for the first year, the SEC value to be quoted for the next year shall be less than or equal to 49.5.
- (ii) Also, it is to be noted that the above values once submitted as part of the Bidder's response to RfS, shall remain unchanged thereafter.
- (iii) The above values to be submitted by the Bidder shall be acceptable upto two decimal places. Digits after two decimal places will be discarded (for eg. a Specific Energy Consumption of 21.567% submitted by the Bidder will be read as 21.56%).

34.2 Formula for calculation of Incentive amount on yearly basis shall be as follows:

$(\text{Incentive})_i = (\text{Base Incentive})_i \times (\text{DVA})_i \times (\text{Performance Multiplier})_i \times (\text{Sales})_i$
where,

- a. '**i**' is the year counted from date of scheduled or actual commissioning (whichever is earlier) ranging from 1 to 5;
- b. **Base Incentive:** The base incentive available in each year will be reduce as a defined tapering trajectory, which is as follows:

Year of Sales	Year 1	Year 2	Year 3	Year 4	Year 5
Base Incentive Available (₹/kW)	4440	3700	2960	2220	1480

- c. **Domestic Value Addition (DVA)_i** is a function of achieved value of LVA against the quoted value of LVA by the Bidder. Value of DVA will be derived as per the following table:

S. No.	Condition	Value of DVA
1	LVA is equal to or above 98% of the quoted value of LVA by the bidder for that year	1
2	LVA is above or equal to 95% but less than 98% of the value quoted by the bidder, but more than the minimum LVA specified for that year	0.8
3	LVA is less than 95% of the quoted value of LVA by the bidder for that year but more than the minimum specified LVA for that year	0
4	LVA falls below minimum value as specified in clause 33.2 of the RfS	0

Illustration:

If a Bidder quotes 69% LVA for the year where the minimum LVA is specified as 60%, and

- a. The EM achieves LVA of 67.62 (98% of 69) or more, DVA would be 1
 - b. The EM achieves LVA greater than or equal to 67.55 (95% of 69) and less than 67.62, DVA would be 0.8
 - c. The EM achieves LVA less than 67.55, DVA would be 0
 - d. The EM achieves LVA less than 60%, DVA would be 0
- d. **Performance Multiplier:** The performance multiplier is a function of achieved performance parameter (SEC) against the quoted performance parameter by the Bidder. The value of Performance Multiplier for a given year “i” will be derived as per the following table:

S.No.	Condition	Value of Performance Multiplier
1	SEC is within the same category of the table (as per clause 33.2.c of the RfS) as quoted by the bidder for that year	1
2	SEC degrades and falls in the subsequent category of table than the one as per SEC quoted by the bidder for that year, but is above 56 kWh/kg of Hydrogen	0.8
3	SEC degrades and falls beyond one subsequent category of table as per SEC quoted by the bidder for that year but is above 56 kWh/kg of Hydrogen	0
4	SEC degrades below 56 kWh/kg of Hydrogen for that year	0

Illustration:

If a Bidder quotes 51.8 SEC (category 7) for the second year, and

- a. The EM achieves SEC less than 52 (or better than 51) (category number 7), Performance Multiplier would be 1.
 - b. The EM achieves SEC greater than or equal to 52 and less than 53 (category number 8), Performance Multiplier would be 0.8.
 - c. The EM achieves SEC greater than or equal to 53 (category number 9), Performance Multiplier would be 0.
 - d. The EM achieves SEC greater than 56 kWh/kg, Performance Multiplier would be 0.
- e. **Sales (in kW)** is the quantum of Electrolyser sales eligible for incentives in a given incentive year i.e. the allocated capacity or the net sales of Electrolysers, whichever is lower. In this, the Electrolysers which meet the incentive criteria of performance parameters (Specific Energy Consumption) and LVA will only be considered. The Incentives disbursed to a manufacturer will be calculated as per the formula mentioned above in this Clause and will depend on sales or the maximum eligible capacity awarded under the SIGHT scheme, whichever is less; actual Performance and actual

Local Value Addition achieved, provided that only those Electrolysers will be counted in sales whose performance and LVA satisfy the levels as per Clause 33.2 of the RfS. The annual sales will be the actual sales of Electrolysers by the bidder throughout the incentive year.

34.3 An illustration to this effect is brought out as follows:

- Proposed manufacturing capacity of the Electrolyser (Bucket 1): 300 MW
- a. Assuming the net sales of 250 MW in 1st year and 300 MW in subsequent years for calculation of incentives. Then the calculation for incentive is as follows:

Parameter	year 1	year 2	year 3	year 4	year 5
Quoted base support rate in Rs./kW	4440	3700	2960	2220	1480
Domestic Value Addition (DVA)	1	1	1	1	1
Performance Multiplier	1	1	1	1	1
Yearly sales (in kW)	250000	300000	300000	300000	300000
Incentive (in Rs)	1,11,00,00,000	1,11,00,00,000	88,80,00,000	66,60,00,000	44,40,00,000

- b. Suppose, for year 2 in the above illustration a, if the EM is able to show LVA above or equal to 95% but less than 98% of the value quoted by the bidder, but more than the minimum LVA specified for that year then the value of DVA will be 0.8. Then the calculation for incentive is as follows:

SPECIAL NOTE ON SECURITY AND TRANSPARENCY OF BIDS

Security related functionality has been rigorously implemented in ETS in a multidimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Specifically, for Bid Submission, some security related aspects are outlined below:

As part of the Electronic Encrypted[®] functionality, the contents of both the 'ElectronicForms[®]' and the 'Main-Bid' are securely encrypted using a Pass-Phrase created by the Bidder himself. Unlike a 'password', a Pass-Phrase can be a multi-word sentence with spaces between words (e.g. I love this World). A Pass-Phrase is easier to remember, and more difficult to break. It is mandatory that a separate Pass-Phrase be created for each Bid-Part. This method of bid-encryption does not have the security and data-integrity related vulnerabilities which are inherent in e-tendering systems which use Public-Key of the specified officer of a Buyer organization for bid-encryption. Bid-encryption in ETS is such that the Bids cannot be decrypted before the Public Online Tender Opening Event (TOE), even if there is connivance between the concerned tender-opening officers of the Buyer organization and the personnel of e-tendering service provider.

CAUTION: All bidders must fill ElectronicForms[®] for each bid-part sincerely and carefully, and avoid any discrepancy between information given in the ElectronicForms[®] and the corresponding Main-Bid. For transparency, the information submitted by a bidder in the ElectronicForms[®] is made available to other bidders during the Online Public TOE. If it is found during the Online Public TOE that a bidder has not filled in the complete information in the ElectronicForms[®], the TOE officer may make available for downloading the corresponding Main-Bid of that bidder at the risk of the bidder. **If variation is noted between the information contained in the ElectronicForms[®] and the 'Main-Bid', the contents of the ElectronicForms[®] shall prevail.**

In case of any discrepancy between the values mentioned in figures and in words, the value mentioned in words will prevail.

The bidder shall make sure that the Pass-Phrase to decrypt the relevant Bid-Part is submitted into the ‘Time Locked Electronic Key Box (EKB)’ after the deadline of Bid Submission, and before the commencement of the Online TOE of Technical Bid. The process of submission of this Pass-Phrase in the ‘Time Locked Electronic Key Box’ is done in a secure manner by first encrypting this Pass-Phrase with the designated keys provided by SECI.

Additionally, the bidder shall make sure that the Pass-Phrase to decrypt the relevant Bid-Part is submitted to SECI in a sealed envelope before the start date and time of the Tender Opening Event (TOE).

There is an additional protection with SSL Encryption during transit from the client-end computer of a Supplier organization to the e-Tendering Server/ Portal.

OTHER INSTRUCTIONS

For further instructions, the vendor should visit the home-page of the portal <https://www.bharat-electronictender.com>, and go to the **User-Guidance Center**

The help information provided through ‘ETS User-Guidance Center’ is available in three categories – Users intending to Register/ First-Time Users, Logged-in users of Buyer organizations, and Logged-in users of Supplier organizations. Various links (including links for User Manuals) are provided under each of the three categories.

Important Note: It is strongly recommended that all authorized users of Supplier organizations should thoroughly peruse the information provided under the relevant links, and take appropriate action. This will prevent hiccups, and minimize teething problems during the use of ETS.

SEVEN CRITICAL DO’S AND DON’TS FOR BIDDERS

Specifically, for Supplier organizations, the following '**SEVEN KEY INSTRUCTIONS for BIDDERS**' must be assiduously adhered to:

1. Obtain individual Digital Signing Certificate (DSC or DC) of Class III well in advance of your tender submission deadline on ETS.
2. Register your organization on ETS well in advance of the important deadlines for your first tender on ETS viz ‘Date and Time of Closure of Procurement of Tender Documents’ and ‘Last Date and Time of Receipt of Bids’. Please note that even after acceptance of your registration by the Service Provider, to respond to a tender you will also require time to complete activities related to your organization, such as creation of -- Marketing Authority (MA) [i.e. a department within the Supplier/ Bidder Organization responsible for responding to tenders], users for one or more such MAs, assigning roles to them, etc. It is mandatory to create at least one MA. This unique feature of creating an MA enhances security and accountability within the Supplier/ Bidder Organization

3. Get your organization's concerned executives trained on ETS well in advance of your first tender submission deadline on ETS.
4. For responding to any particular tender, the tender (i.e. its Tender Search Code or TSC) has to be assigned to an MA. Further, an 'Official Copy of Tender Documents' should be procured/ downloaded before the expiry of Date and Time of Closure of Procurement of Tender Documents. Note: Official copy of Tender Documents is distinct from downloading 'Free Copy of Tender Documents'. Official copy of Tender Documents is the equivalent of procuring physical copy of Tender Documents with official receipt in the paper-based manual tendering system.
5. Submit your bids well in advance of tender submission deadline on ETS (There could be last minute problems due to internet timeout, breakdown, etc.)
6. It is the responsibility of each bidder to remember and securely store the Pass-Phrase for each Bid-Part submitted by that bidder. The bidders are required to submit correct, valid and operative Pass-Phrase to decrypt either Technical Bid Part or Financial Bid Part in a separate sealed envelope before due date and time of submission of bid. In the event, the bids are not opened with the pass-phrase submitted by bidder, SECI may ask for re-submission/ clarification for correct pass-phrase. If bidder fails to submit correct pass-phrase immediately as requested by SECI, the Bid Processing Fee and Document Fee, if applicable, shall be forfeited and bid shall not be opened, and EMD shall be refunded. No request on this account shall be entertained by SECI.
7. ETS will make your bid available for opening during the Online Public Tender Opening Event (TOE) 'ONLY IF' the status pertaining Overall Bid-Submission is 'COMPLETE'. For the purpose of record, the bidder can generate and save a copy of 'Final Submission Receipt'. This receipt can be generated from 'Bid-Submission Overview Page' only if the status pertaining overall Bid-Submission' is 'COMPLETE'

NOTE:

While the first three instructions mentioned above are especially relevant to first-time users of ETS, the fourth, fifth, sixth and seventh instructions are relevant at all times.
