### SECTION 1. INTRODUCTION & INVITATION FOR BIDS

#### 1 Background & Introduction

- 1.1 Solar Energy Corporation of India Limited (hereinafter called "SECI") is a Government of India Enterprise under the administrative control of the Ministry of New & Renewable Energy (MNRE). One of the main objectives of the Company is to assist the Ministry and function as the implementing and facilitating arm of the National Solar Mission (NSM) for development, promotion and commercialization of solar energy technologies in the country.
- 1.2 Ministry of Power (MoP) has issued "Guidelines for Tariff Based Competitive Bidding Process for Procurement of Power from Grid Connected Solar PV Power Projects" vide Gazette Resolution dated 28.07.2023. These Guidelines have been issued under the provisions of Section 63 of the Electricity Act, 2003 for long-term procurement of electricity through competitive bidding process, by the 'Procurers', from grid-connected Solar PV Power Projects ('SPP'), having (a) individual size of 10 MW and above for projects connected to intra state transmission system; and (b) bid capacity of 50 MW and above for projects connected to inter-state transmission system. This RfS document has been prepared in line with the above Guidelines, including subsequent amendments and clarifications, issued until the last date of bid submission of this RfS.
- 1.3 As part of the above Guidelines, SECI hereby invites proposals for setting up of ISTS-connected Solar PV Power projects in India, on Build Own Operate (BOO) basis for an aggregate capacity of 500 MW. SECI shall enter into a Power Purchase Agreement (PPA) with the successful Bidders selected based on this RfS for purchase of Solar Power for a period of 25 years based on the terms, conditions and provisions of the RfS and PPA. The standard PPA document is available for download from the ISN-ETS portal https://www.bharat-electronictender.com.
- 1.4 Power procured by SECI from the above Projects has been provisioned to be sold to the different Buying Entities of India. The details of Buying Entities shall be intimated at a later date. SECI shall, at its discretion, be entitled to substitute any entity in other States only for selling the power procured from the selected Bidders. SECI shall be an intermediary nodal agency for procurement of power supplied by the SPDs and sale of such power to the Buying Entity(ies) entirely on back-to-back basis, based on due performance by the SPDs as well as the Buying Entity(ies).
- 1.5 The Bidders will be free to avail fiscal incentives like Accelerated Depreciation, Concessional Customs and Excise Duties, Tax Holidays etc. as available for such Projects. The same will not have any bearing on comparison of bids for selection. As equal opportunity is being provided to all Bidders at the time of tendering itself, it is up to the Bidders to avail various tax and other benefits. No claim shall arise on SECI for any liability if Bidders are not able to avail fiscal incentives and this will not have any bearing on the applicable tariff. SECI does not however, give a representation on the availability of fiscal incentive and submission of bid by the Bidder shall be independent of such availability or non-availability as the case may be of the fiscal incentives.

1.6 Bidders who have already commissioned Solar PV Projects or are in process of constructing such Projects and have untied capacity may also participate under this RfS. In such case, they will be given the benefit of a longer period of PPA, commensurate to the duration between the actual date of commencement of supply of power and Scheduled Commencement of Supply Date (SCSD), pursuant to Clause 11 of the RfS. It is clarified that the Bidders who have already signed PPAs with Renewable Energy Implementing Agencies as identified by the MNRE and/or with any State-owned Distribution Company (DISCOM) as on the bid submission deadline, are not allowed to suo-moto terminate such PPAs and participate in this RfS for the respective Project(s).

If a Bidder participates in this RfS after termination of its existing PPA with any other entity, it shall have been terminated prior to the date of issuance of this RfS, i.e. 13.02.2025, and in this case, there should not be any stay order on termination pending in any Court/ Regulatory Commission as on the bid submission deadline. In this case, if during the operation of the Project the result of any litigation is issued against the SPD, then it will be the responsibility of the SPD to arrange the supply of solar power under the same terms and conditions as per the RfS and PPA and the failure to supply the same shall be an event of default of SPD as per the PPA.

A Bidder is not allowed to participate in this RfS after termination of its existing PPA with any other entity after the issuance of this RfS, i.e. 13.02.2025. In this case, if it is found at any stage of bid evaluation/ Project implementation that the Bidder has participated in this tender after termination of its existing PPA, then the submitted bid/awarded capacity shall be liable for termination by SECI and the EMD/PBG (as applicable) submitted by the bidder/ SPD shall be encashed. If this event occurs during the operation of the Project, then the same shall be an event of default of SPD as per the PPA. Other than the actions specified above, on account of submission of false information, the Bidder/SPD may be suspended/debarred from participating in any of the upcoming tenders issued by SECI for a period as decided by SECI.

1.7 No separate Central Financial Assistance is envisaged for implementation of the Projects selected under this RfS.

#### 2 Invitation for Bids

- 2.1 A Single Stage, Two-Envelope Bidding Procedure will be adopted and will proceed as detailed in the RfS Documents.
