NOTICE INVITING TENDER

Bid Document No: SGEL/CHQ/Contracts/EPC PM KUSUM/2025

Sep. 4 , 2025

SUBJECT: EPC Package for Setting up of Solar Power Projects under MSKVY 2.0 (PM Kusum Component C) in the State of Maharashtra including comprehensive O&M for three years.

- 1.1 SJVN Green Energy Limited (SGEL), a wholly owned subsidiary of SJVN Limited has bagged 1352 MW capacity of Solar power projects through tariff based competitive bidding under Request for Selection (RFS) for Procurement of Solar Power under Mukhya Mantri Saur Krushi Vahini Yojana 2.0 Scheme launched for implementation of feeder level solarisation under Component C of PM-KUSUM Scheme. The details are as under:

Sr. No.	District	No. of Locations	Cumulative Capacity (in MW)
1	Pune	9	154
2	Nashik	22	304
3	Ahmednagar	19	315
4	Solapur	52	579
Total		102 Locations	1352 MW

For development of above projects, previously SGEL had invited online bids for the “EPC Package for Setting up of 951 MW Solar Projects (74 Nos.) divided into 08 groups under MSKVY 2.0 (PM-KUSUM Component-C) in Maharashtra, including comprehensive O&M for three years against **NIT no. SGEL/CHQ/Contracts/EPC PM KUSUM 951 MW/2025** dated 01.07.2025. Out of the total 08 groups, only 02 groups (i.e., Group-1 and Group-2) were successfully finalized, while the remaining 06 groups (i.e., Group-3 to Group-8) with a cumulative capacity of 733 MW of that tender remained unsubscribed and are now being retendered through this fresh bidding process. The details of the remaining groups proposed for fresh retendering are provided in **Annexure-1 of this NIT**.

The selection of the EPC Contractor for the remaining 06 groups will be carried out under this invitation through e-bidding on an open tender basis under a Single Stage Two-Envelope system (i.e., Envelope-I: Techno-Commercial Bid and Envelope-II: Price Bid), followed by an e-Reverse Auction process. The minimum capacity to be quoted and allocation to a bidder shall correspond to one group as whole as specified in **Annexure 1 of this NIT** and maximum allocation to a single bidder shall be all the groups (Group 3 to 8 of Annexure-1 of this NIT) with remaining cumulative capacity of 733 MW.

The land required for the solar projects shall be arranged by the EPC contractor, except for the land parcels for which SGEL has executed land lease agreements (i.e., Project Nos. 29 and 30 in Group-4, as specified in **Annexure-1 of this NIT**). However, since the land lease

agreement executed by SGEL for Project No. 29 covers less than 4 acres per MW, the contractor shall acquire the remaining land.

The Solar Modules to be used for this project shall be sourced only from the models and manufacturers included in the latest “Approved List of Models and Manufacturers (ALMM)” issued by MNRE and shall also comply with the provisions of the Public Procurement (Preference to Make in India) Order, 2017, as amended on 19.07.2024, or any other applicable guidelines specified in this Tender.

Further, the Solar Power Projects shall be established in compliance with the comprehensive guidelines for implementation of the PM-KUSUM Scheme, Component-C, issued by MNRE vide notification dated 17.01.2024. However, the use of Non-DCR modules is permitted for the development of projects under this Tender.
