

BEFORE THE KARNATAKA ELECTRICITY REGULATORY COMMISSION

No.16, C-1, Miller Tank Bed Area, Vasanth Nagar, Bengaluru-560 052.

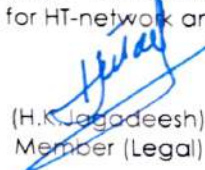

No.KERC/B/DD(Tariff)/09/24/1287 Dated 09.12.2025

Corrigendum to TARIFF ORDER 2025 OF MSEZ ANNUAL PERFORMANCE REVIEW FOR FY24 & APPROVAL OF ANNUAL REVENUE REQUIREMENT & RETAIL SUPPLY TARIFF FOR THE CONTROL PERIOD FOR FY2025-26 TO FY2027-28 dated 27th MARCH, 2025

The Percentage allocation of distribution network cost decided by the Commission for MSEZ is 95% for HT & 5% for LT. In the table at page 62, the calculations are done accordingly. However, in column-2 titled "Particulars" of the table mentioned supra, there is an inadvertent typographical error and the percentages for HT & LT is indicated as 30% & 70% instead of 95% & 5%.

In view of the above, in the column-2 titled "Particulars" of the table mentioned supra, the percentages shall be read as 95% for HT-network and 5% for LT-network.
